

AdminaHealth

Manage Your Entire Health Plan With One Online Platform

Automated Healthcare Expense Management Cloud Platform built to provide a more cost effective, time savings approach to health plan management for fully insured, partially self-funded, and self-funded organizations.

Our Mission

AdminaHealth drives accountability, transparency, and auditability for the benefit of clients to ensure a seamless, cost-effective, approach to health and benefit expense management. The platform enables users to experience an individualized, cutting edge tool to reclaim time spent on administrative tasks and provide for the opportunity to obtain the best possible coverage at the lowest possible cost.

AdminaHealth

Dashboard Reporting

- Provides key metrics and performance indicators
